 PRODUCT REVIEW  
 LIFE & HEALTH  
 GID-385A-LH MAR2015  
 (same as LH-T1)**

**SERFF Tracking Number** \_\_\_\_\_

1. Check whether \_\_\_\_\_ closed or \_\_\_\_\_ open block
2. Range of issue dates \_\_\_\_\_ to \_\_\_\_\_
3. Range of rate increase (minimum) \_\_\_\_\_ to (maximum) \_\_\_\_\_

Note: Increase above is defined as % potential change in the customer's premium over a year. This total premium increase includes base rate changes, trend, and all other factor/fee changes that any policyholder in these plan(s) could experience. If this differs from the SERFF Rate/Rule schedule tab Maximum or Minimum % change, explain why. If this an ACA compliant plan, show components of the difference between the actual policyholder ranges reported above, as well as the weighted average using this definition vs. the Federal definition of rate increase in the URRT used for the 10% threshold.

**4. Rate increase history in Georgia**

Rate increase definition is the same as in item # (3) above.

Date: \_\_\_\_\_ % Increase: \_\_\_\_\_ to Date: \_\_\_\_\_ % Increase: \_\_\_\_\_

**5. Rate increase % reported on LH-T1.**

- a. Does requested rate increase on LH-T1 agree with SERFF rate/rule schedule tab "overall % rate impact"? (Check Y/N) Yes \_\_\_\_ or No \_\_\_\_\_. If No, explain differences.

- b. Does requested rate increase on LH-T1 agree with the Rate/Rule Schedule in SERFF, Company Rate Information "View Rate Review Detail" Requested Rate Annualized PMPM "Weighted Average" divided by Prior Rate PMPM "Weighted Average"? (Check Y/N) Yes \_\_\_\_ or No \_\_\_\_\_. If No, explain differences.

- c. Does the Rate increase % reported on LH-T1 equal the weighted average using the definition in item 3 above? (Check Y/N) Yes \_\_\_\_ or No \_\_\_\_\_. If No, explain differences.
